### Petition for Substitution of Study Abroad

We expect students to elect ASU-lead programs because they are integrated to the degree learning, but because an important aspect of the experience is the opportunity to develop closer relationships with ASU global health faculty, graduate students, and other students in the major, given how important these networks are as students plan to enter graduate school or careers.

It is imperative any student planning to enroll in any program not offered by SHESC or collaborating units has clearance *in writing before the program begins* that it will count as meeting this study abroad requirement. Programs taken prior to entry to the major or not cleared with the advisor before participation cannot be counted as completing the requirement, with the exception of our core programs (e.g., London, New Zealand & Fiji, Ecuador). Neither will programs of less than 3 weeks duration, as a general rule. Independent travel, even if enrolled as independent study with ASU faculty, also does not substitute this requirement. *Only students with documented extenuating circumstance explaining why they cannot travel can arrange an alternative plan using this form.*

<b>Student Name:</b>	<b>Ten-digit Student ID #:</b>
<b>ASU Email:</b>	<b>Semester Hours Completed:</b> <b>Current GPA:</b>

**Fill out the information below about the course you are petitioning.**

**Please check which course of action you are petitioning:**

- a. Study Abroad from another program at ASU or another University
- b. Alternate arrangement (only for students with extreme extenuating circumstances)

<b>Description of Program or Alternate Arrangement:</b>
<b>Justification and/or Reasoning why you believe this study abroad program or alternative arrangement is comparable for Global Health study abroad requirement</b> (if requesting an alternative requirement please document why you cannot travel).

**Please attach pertinent documentation (such as program information, syllabi, etc.) for review.**

Turn in completed form to the Undergraduate Advisor in SHESC 216. You should receive a response via email in 10 business days.
